

- `conf()`

conf

Test

Parameters

```
conf(  
  title: str,  
  author: str array,  
  lang: str,  
  font: str,  
  fontsize: length,  
  with-coverpage: bool,  
  with-toc: bool,  
  layout-logo: function,  
  style-title: function,  
  style-author: function,  
  subtitle,  
  appendix: content,  
  pre-show,  
  doc  
)
```

layout-logo function

A lambda called with the university and ISTIC's logo by default

Default: layout-logo-default

style-title function

Style title on cover page, no effect if cover page disabled

Default: style-title-default

style-author function

Style author on cover page, no effect if cover page disabled

Default: style-author-default

subtitle

A subtitle that would go over the title on the coverpage, no effect if cover page disabled

Default: []

pre-show

Anything that you want to set before any content (including the cover page and toc)

Default: `x => x`
